

# Hardware Selector Guide

www.csfordoors.co.nz

Having been in doors since 1986, we understand how challenging it can be to choose the right handle for your doors. This is especially true when you consider the variety of applications possible. This guide has been designed to make the process of selecting the right handles, regardless of the application, easier for you. We hope you find it useful.

Please note that this list of handles and applications is a *guide* only. For further expert advice, please consult your Account Manager.

## Handles & locks for sliding doors

## Quick Reference Guide

**CL100 FlushTurN™**

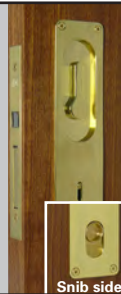

- Flush Handle
- Latching
- Key Locking options
- Available in Satin Chrome or Polished Brass

A popular flush side handle for latching and locking applications.

**CL100 Louise™**

- Flush Handle
- Latching
- Privacy Locking option
- Available in Satin Chrome or Polished Brass

Style and elegance with a practical lock. Latching versions with key locking or privacy locking available.

**CL100 LoueY™**

- Flush Handle
- Available in Satin Chrome or Polished Brass

A high quality side handle machined from brass. Suitable for most timber and aluminium doors.

**CL100 LeveR™**

- Protruding Handle
- Latching
- Key Locking options
- Available in Satin Chrome or Polished Brass

Robust and strong with a look that matches other commercial handles. Exit free key locking versions available.

**CL100 LaviLock™**

- Lever Handle
- S/Steel Indication Plates
- Disabled Access Compliant (when fitted to a 910mm wide door)
- Available in Satin Chrome or Polished Brass

The only 100% NZ made, code compliant, commercial grade disabled toilet access lock available in the NZ market.

**CL100 Digilock™**

- High security
- Key locking options
- Available in Satin Chrome or Polished Brass

High security that is upgradeable and dependable. Should you require extra security, key locking is also available.

**CL200 FlushHandLE™**

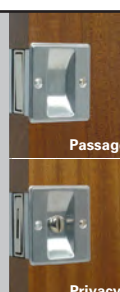

- Flush Handle
- Passage or Privacy
- 14 colour options available
- May be configured to latch double doors.

A high quality flush handle, providing positive grip on even the heaviest door. Available in a Passage or Privacy version.

**CL300 FlushHandLE™**

- Flush Handle
- Passage or Privacy
- 6 colour options available
- Built in Finger Pull

A budget alternative to the CL200, suitable for residential applications. Available in a Passage or Privacy version.

**CL800 MorticeCase™**

- Flush fitting
- Medium level security
- Available in Satin Chrome or Polished Brass

A slim-line unit with a hook-throw action for locking cavity and surface sliding doors.

**CL800 Turn/EmergencyY™**

- Flush Handle
- Medium level security
- Available in Satin Chrome or Polished Brass

A circular flush turn that activates a hook-throw for privacy with emergency release.

**TimberEdgePuLL™**

- Flush Pull
- Available in Satin Chrome or Polished Brass
- Invisible fixings

A flush finished finger pull suitable for even the heaviest of timber doors.

**EuroCylinder™**

- All 5 & 6 pin cylinders are repinable.
- Available in Satin Chrome or Polished Brass

High quality Cylinders that are available as: Key/Key, Key/Turn, Turn/Emerg, Turn Only, Key Only.

CS FOR DOORS is the **ORIGINAL** and the **ONLY 100% Kiwi made** and **100% Kiwi owned** Cavity Slider company.

By supporting your local supplier, you will in turn be supporting our suppliers, who are also local!<sup>1</sup>
